

BETTER MEN FOR A BETTER WORLD

The men of the Tau-Psi Chapter of Tau Kappa Epsilon at the University of West Florida are proud to share the amazing progress this brotherhood has made to its esteemed alumni!

This Fall Semester has been an amazing one for Teke at UWF! We would like to start off by saying that we **initiated fourteen members** this semester, almost doubling the size of our chapter! Not only that, but the Tau-Psi Tekes are currently preparing for an unprecedented twenty man pledge class in Spring 2016! These new men are an impressive addition to the brotherhood, with proven leadership ability, and are already bringing forward new ideas to improve and innovate the chapter.

Hypophetes (Chaplain)	Barrineau, Jonathan
Pylortes (Sergeant-at-arms)	Bibeau, Derek
Hegemon (Educator)	Griego, Jonah
Rush Chairman	Lachhonna, Gopal
Philanthropy Chairman	Bennett, Travis

Community Service and Philanthropy

Tau-Psi made leaps and bounds this year in both community service and philanthropy! For the first time in many years, the men of Tau-Psi held its philanthropy patently dubbed, “Teke Week.” Organized by our new Philanthropy Chair, Travis Bennett, Teke Week consisted of three separate events that raised money and awareness for St. Jude's Children's Hospital. The first event was a Gala, a semi formal dance that had a which primarily functioned as a kick off to the week by including a touching video describing St. Jude’s mission in taking care of children with cancer.

The second event focused primarily on raising money and showing students both inside and outside of the fraternity a good time with a live concert on the Cannon Green. The concert hosted several local bands and DJs, while also including performances from musically talented students. The third and final event consisted of a Chubbies Formal, where brothers and other students got to sport their favorite relaxed shorts while also having a good time doing it! Teke Week was a not only a success, raising a total of **\$504.98** toward St. Jude’s, but also set an annual TKE philanthropy event for years to come!

Tau-Psi also participated in other service events including volunteering to help alumni organize the 2015 Hobie Cat 16

North American Championships! The brothers of Tau-Psi also raised money buy selling one of a kind Breast Cancer T-Shirts during Breast Cancer Awareness Month!

Tau-Psi ended the semester with a bang by hosting an ugly sweater event, where all proceeds went to St Jude's and volunteering for Relay For Life with the Kappa Delta sorority!

Athletics

The brothers of Tau-Psi have made more progress in athletics than this semester, than ever before in many years! Having a record of **4-2** in football, TKE won in the biggest sporting event in the Greek League! This accomplishment has allowed the Tau-Psi Tekes to jump ahead of the competition in the Greek Year (formally Greek Week) and are now much closer to taking home first place!

Tau-Psi also showed the campus its athletic capability by getting first place in the annual boat race held during UWF's Homecoming week. The race consisted of various organizations both in and out of the Greek Community, but none came close to Tau-Psi's own Carlo Font, who easily speed ahead of the competition!

Tau-Psi can also pride itself on having two starting UWF football players join the ranks of brotherhood! These men have not only brawn, but also brain and are great new additions to TKE's UWF chapter. Not only that, but Tau-Psi is also the first fraternity to reach out to the football coaches to set an understanding to the team that TKE is not a stereotypical "frat" that people often see on the news, but rather a unique college experience that will help players build their leadership ability and become better college men.

The Brothers of Tau-Psi wish you a Merry Christmas, and as always we thank YOU for your continuous support and for setting the groundwork for this fraternity to succeed at UWF! - YITB, The Active Members of Tau-Psi
